Important Points to Remember:

☐ Try each activity with your baby before marking a response.

☐ Make completing this questionnaire a game that is fun for you and your child.

☐ Make sure your child is rested and fed.

☐ Please return this questionnaire by _________________.

Notes:

____________________________________________
____________________________________________
____________________________________________
____________________________________________

At this age, many toddlers may not be cooperative when asked to do things. You may need to try the following activities with your child more than one time. If possible, try the activities when your child is cooperative. If your child can do the activity but refuses, mark “yes” for the item.

COMMUNICATION

1. Without your showing him, does your child point to the correct picture when you say, “Show me the kitty,” or ask, “Where is the dog?” (She needs to identify only one picture correctly.)

2. Does your child imitate a two-word sentence? For example, when you say a two-word phrase, such as “Mama eat,” “Daddy play,” “Go home,” or “What’s this?” does your child say both words back to you? (Mark “yes” even if her words are difficult to understand.)

3. Without your giving him clues by pointing or using gestures, can your child carry out at least three of these kinds of directions?

☐ a. “Put the toy on the table.”
☐ b. “Close the door.”
☐ c. “Bring me a towel.”
☐ d. “Find your coat.”
☐ e. “Take my hand.”
☐ f. “Get your book.”

4. If you point to a picture of a ball (kitty, cup, hat, etc.) and ask your child, “What is this?” does your child correctly name at least one picture?

5. Does your child say two or three words that represent different ideas together, such as “See dog,” “Mommy come home,” or “Kitty gone”? (Don’t count word combinations that express one idea, such as “bye-bye,” “all gone,” “all right,” and “What’s that?”) Please give an example of your child’s word combinations:
COMMUNICATION (continued)

6. Does your child correctly use at least two words like “me,” “I,” “mine,” and “you”?  

GROSS MOTOR

1. Does your child walk down stairs if you hold onto one of her hands? She may also hold onto the railing or wall. (You can look for this at a store, on a playground, or at home.)  

2. When you show your child how to kick a large ball, does he try to kick the ball by moving his leg forward or by walking into it? (If your child already kicks a ball, mark “yes” for this item.)  

3. Does your child walk either up or down at least two steps by herself? She may hold onto the railing or wall.  

4. Does your child run fairly well, stopping herself without bumping into things or falling?  

5. Does your child jump with both feet leaving the floor at the same time?  

6. Without holding onto anything for support, does your child kick a ball by swinging his leg forward?  

*If Gross Motor Item 6 is marked “yes” or “sometimes,” mark Gross Motor Item 2 “yes.”
FINE MOTOR

1. Does your child get a spoon into his mouth right side up so that the food usually doesn’t spill?

2. Does your child turn the pages of a book by herself? (She may turn more than one page at a time.)

3. Does your child use a turning motion with his hand while trying to turn doorknobs, wind up toys, twist tops, or screw lids on and off jars?

4. Does your child flip switches off and on?

5. Does your child stack seven small blocks or toys on top of each other by herself? (You could also use spools of thread, small boxes, or toys that are about 1 inch in size.)

6. Can your child string small items such as beads, macaroni, or pasta "wagon wheels" onto a string or shoelace?

PROBLEM SOLVING

1. After watching you draw a line from the top of the paper to the bottom with a crayon (or pencil or pen), does your child copy you by drawing a single line on the paper in any direction? (Mark “not yet” if your child scribbles back and forth.)

2. After a crumb or Cheerio is dropped into a small, clear bottle, does your child turn the bottle upside down to dump out the crumb or Cheerio? (Do not show him how.) (You can use a soda-pop bottle or baby bottle.)

3. Does your child pretend objects are something else? For example, does your child hold a cup to her ear, pretending it is a telephone? Does she put a box on her head, pretending it is a hat? Does she use a block or small toy to stir food?

4. Does your child put things away where they belong? For example, does he know his toys belong on the toy shelf, his blanket goes on his bed, and dishes go in the kitchen?

5. If your child wants something she cannot reach, does she find a chair or box to stand on to reach it (for example, to get a toy on a counter or to “help” you in the kitchen)?
PROBLEM SOLVING (continued)

6. While your child watches, line up four objects like blocks or cars in a row. Does your child copy or imitate you and line up four objects in a row? (You can also use spools of thread, small boxes, or other toys.)

PERSONAL-SOCIAL

1. Does your child drink from a cup or glass, putting it down again with little spilling?

2. Does your child copy the activities you do, such as wipe up a spill, sweep, shave, or comb hair?

3. Does your child eat with a fork?

4. When playing with either a stuffed animal or a doll, does your child pretend to rock it, feed it, change its diapers, put it to bed, and so forth?

5. Does your child push a little wagon, stroller, or other toy on wheels, steering it around objects and backing out of corners if he cannot turn?

6. Does your child call herself “I” or “me” more often than her own name? For example, “I do it,” more often than “Juanita do it.”

OVERALL

Parents and providers may use the space below for additional comments.

1. Do you think your child hears well? If no, explain:

   YES   NO

2. Do you think your child talks like other toddlers her age? If no, explain:

   YES   NO
OVERALL (continued)

3. Can you understand most of what your child says? If no, explain:
   - YES
   - NO

4. Do you think your child walks, runs, and climbs like other toddlers his age? If no, explain:
   - YES
   - NO

5. Does either parent have a family history of childhood deafness or hearing impairment? If yes, explain:
   - YES
   - NO

6. Do you have any concerns about your child’s vision? If yes, explain:
   - YES
   - NO

7. Has your child had any medical problems in the last several months? If yes, explain:
   - YES
   - NO
OVERALL  (continued)

8. Do you have any concerns about your child’s behavior? If yes, explain:  
   ○ YES   ○ NO

9. Does anything about your child worry you? If yes, explain:  
   ○ YES   ○ NO

### 1. SCORE AND TRANSFER TOTALS TO CHART BELOW:

See ASQ-3 User’s Guide for details, including how to adjust scores if item responses are missing. Score each item (YES = 10, SOMETIMES = 5, NOT YET = 0). Add item scores, and record each area total. In the chart below, transfer the total scores, and fill in the circles corresponding with the total scores.

<table>
<thead>
<tr>
<th>Area</th>

### 2. TRANSFER OVERALL RESPONSES:

1. Hears well?
   - **Comments:**
   - Yes  NO

2. Talks like other toddlers his age?
   - **Comments:**
   - Yes  NO

3. Understand most of what your child says?
   - **Comments:**
   - Yes  NO

4. Walks, runs, and climbs like other toddlers?
   - **Comments:**
   - Yes  NO

5. Family history of hearing impairment?
   - **YES**  No

6. Concerns about vision?
   - **YES**  No

7. Any medical problems?
   - **YES**  No

8. Concerns about behavior?
   - **YES**  No

9. Other concerns?
   - **YES**  No

### 3. ASQ SCORE INTERPRETATION AND RECOMMENDATION FOR FOLLOW-UP:

You must consider total area scores, overall responses, and other considerations, such as opportunities to practice skills, to determine appropriate follow-up.

If the child’s total score is in the [ ] area, it is above the cutoff, and the child’s development appears to be on schedule.

If the child’s total score is in the __ area, it is close to the cutoff. Provide learning activities and monitor.

If the child’s total score is in the __ area, it is below the cutoff. Further assessment with a professional may be needed.

### 4. FOLLOW-UP ACTION TAKEN:

- Check all that apply.
- Provide activities and rescreen in ____ months.
- Share results with primary health care provider.
- Refer for (circle all that apply) hearing, vision, and/or behavioral screening.
- Refer to primary health care provider or other community agency (specify reason):
- Refer to early intervention/early childhood special education.
- No further action taken at this time
- Other (specify):

### 5. OPTIONAL:

Transfer item responses

(Y = YES, S = SOMETIMES, N = NOT YET, X = response missing).
